§ 70.30 Payment principles.

(a) Subject to the other provisions of this section and subject to the deductibles required under § 70.31, VA will pay the following for beneficiary travel by an eligible beneficiary when travel expenses are actually incurred:

(1) The per mile rate established by the Secretary for the period of travel for use of privately owned vehicle or the actual cost for use of the most economical common carrier (bus, train, taxi, airplane, etc.), for travel to and from VA or VA-authorized health care subject to the following:

(i) Travel by a privately owned vehicle for a compensation and pension examination that is solely for the convenience of the Government (e.g., repeat a laboratory test, redo a poor quality x-ray) may have a different per mile rate if deemed appropriate by the Secretary.

(ii) Per mile payment for use of privately owned vehicle may not exceed the cost of such travel by public transportation (even if it is for the convenience of the government) unless determined to be medically necessary.

(iii) Payment for a common carrier may not exceed the amount allowed for a privately owned vehicle unless travel by a privately owned vehicle is not reasonably accessible or travel by a common carrier is determined to be medically necessary.

(iv) As required by law, each time the Federal government makes a change in mileage rates payable under 5 U.S.C. 5702 and 5704 for Federal employee travel by privately owned vehicle, but not less frequently than annually, the Secretary shall conduct an investigation of the actual costs of travel, including lodging and subsistence. In conducting the investigation, the Secretary shall consult with the Administrator of the General Services Administration, the Secretary of Transportation, the Comptroller General of the United States, and veterans' service organizations. As part of the investigation, the Secretary shall review and consider various factors including vehicle depreciation, State and Federal vehicle taxes and the costs of gasoline, oil, maintenance, accessories, parts, tires, and insurance. However, to the extent that the Administrator of General Services has, within a reasonable period of time, conducted an investigation of travel costs that included the factors described in this paragraph, the Secretary may consider that investigation in lieu of conducting a separate investigation with respect to the findings of those individual factors. The Secretary is not obligated to accept or rely on any conclusions of the Administrator's investigation. Based on the investigation required by this subsection, VA shall determine whether there is a need to change the mileage rates payable under paragraph (a) of this section. If a determination is made that a change is warranted the new rate(s) will be published in the notices section of the FEDERAL REGISTER. Current rate(s) can be found at <http://www.va.gov/healtheligibility/Library/pubs/BeneficiaryTravel/BeneficiaryTravel.pdf> or by contacting the Beneficiary Travel office at the closest VA health care facility.

(2) The actual cost of ferry fares, bridge tolls, road tolls, and tunnel tolls (supported by receipts for such expenses as required by § 70.20(a)).

(3) The actual cost for meals, lodging, or both, not to exceed 50 percent of the amount allowed for government employees under 5 U.S.C. 5702, when VA determines that an overnight stay is required. Factors VA may consider in
